Announcement of an open position at the Faculty of Informatics, 
TU Wien, Austria

FULL PROFESSORSHIP 
of 
COMPUTER AIDED VERIFICATION 
(Successor of Helmut Veith)

The TU Wien (Vienna University of Technology) invites applications for a full professorship according to § 98 University Act 2002 at the Faculty of Informatics. The position is affiliated to the Institute of Information Systems. The candidate will become the head of the already existing and valid established research group Formal Methods in Systems Engineering, previously headed by Helmut Veith. The estimated starting date is October 1, 2018.

The applicant is required to have an outstanding academic record in the field of Computer Aided Verification (CAV). Correctness, safety, and reliability of electronic systems are paramount in today’s software-controlled world. The focus of the professorship on CAV will be on automated techniques to verify soft- and hardware. Besides a proven ability in CAV core methods (Computational Logic, Theoretical Computer Science), the candidate will also have a strong interdisciplinary background, especially in relation to Embedded Information Systems, Software Verification, Synthesis or Distributed Algorithms. This position will strengthen the area of Logic and Computation as well as form a link to other research foci of the faculty. Duties include teaching informatics curricula courses (in English or German) as well as supervising graduates and PhD students working on their theses. The professor is expected to contribute to usual management and faculty service tasks.

The appointment will be made at tenure level, full time and permanent. If this is a candidate’s first appointment as a full professor, the initial appointment is for 5 years and will then be made permanent following a positive evaluation.

The TU Wien is among the most successful technical universities in Europe and it is Austria’s largest scientific-technical research and educational institution. The Faculty of Informatics, one of the eight faculties at the TU Wien, plays an active role in national and international research and has an excellent reputation. The main areas of research include Logic and Computation, Computer Engineering, Distributed and Parallel Systems, Media Informatics and Visual Computing, as well as Business Informatics.

APPLICANTS ARE EXPECTED TO HAVE THE FOLLOWING QUALIFICATIONS:

Essential
- PhD or doctoral degree.
- Post-doctoral experience at a university or other research institution.
- An outstanding research and publication record.
- An excellent reputation as an active member of the international scientific community.
- Experience in raising research funds and managing scientific research projects.
- Experience in university teaching.
- Pedagogic and didactic skills.
- Administrative and organisational skills.
Desirable
- Habilitation (or equivalent qualification).
- Leadership skills.
- Gender sensitivity and social skills.
- Willingness to promote young scientists.

THE FACULTY OF INFORMATICS OFFERS
- Excellent working conditions in an attractive research environment.
- An attractive salary, including additional contributions to a pension fund.
- Additional financial research support during the first few years (equipment etc.).
- Support for relocating to Vienna (if required).
- A position in a city with an exceptional quality of life.

GENERAL INFORMATION
For information about
- the TU Wien, go to: tuwien.ac.at
- the Faculty of Informatics, go to: informatik.tuwien.ac.at
- the 5 main research areas of the Faculty of Informatics, go to: informatik.tuwien.ac.at/research
- the Institute of Information Systems, go to: informatik.tuwien.ac.at/faculty/institutes/e184

APPLICATION
The TU Wien is committed to increasing female employment in leading scientific positions. Female applicants are explicitly encouraged to apply. Preference will be given to female applicants when equally qualified. People with special needs with appropriate qualifications are encouraged to apply. In case of queries, please contact the representative of people with disabilities of TU Wien Mr. Gerhard Neustätter (gerhard.neustaetter@tuwien.ac.at).

Applications have to include
- A detailed curriculum vitae.
- A list of publications.
- Copies of the applicant’s five most important publications related to the position together with an explanation of their relevance.
- A positioning statement, describing the applicant’s vision on how to position and advance the field within the Faculty of Informatics in the areas of research and teaching, in particular in connection with the 5 main research areas of the Faculty of Informatics.

The actual salary will be agreed between the successful applicant and the university, commensurate with qualifications and relevant experience. In accordance with the Austrian Collective Agreement for University Staff full professors receive a minimum salary of currently EUR 68,475.40 per year.

Applications (in English) should be sent to the
Dean of the Faculty of Informatics
Prof. Dr. Hannes Werthner
in digital form as a single pdf file to: dekanat@informatik.tuwien.ac.at

Application Deadline: October 16, 2017
